CIEC International Exhibition Construction (Beijing) Co., Ltd. (hereinafter referred to as "CIEC Construction") is a wholly-owned subsidiary of China International Exhibition Center Group Limited. The company specializes in providing comprehensive services for exhibitions, exhibition halls, and conference events both at home and abroad, covering overall planning, conceptual design, fabrication, construction, on-site operation as well as booth construction, advertising installation and official contractor (general service contractor) services at the China International Exhibition Center (Chaoyang Venue and Shunyi Venue).

As the Official Contractor for the China International Supply Chain Expo, CIEC Construction offers an integrated one-stop solution encompassing exhibition design, overall onsite coordination, shell-scheme booth construction, custom-built stand fabrication, onsite operation management and post-event dismantling and venue restoration.

CIEC Construction is a member of the China Chamber of International Commerce and a council member of the China Association for Exhibition Centers. With deep-rooted industry expertise, the company holds Grade-A Qualification for Exhibition Engineering and Integrated Qualification for Exhibition Design and Construction, both awarded by the China Association for Exhibition Centers. It is also certified under the ISO 9001:2015 Quality Management System, Environmental Management System, and Occupational Health and Safety Management System.

Since entering the exhibition industry in 1952, CIEC Construction has consistently undertaken major exhibition projects organized by the Chinese government at home and abroad. The company has repeatedly been entrusted with the design, construction, and operation of state-level projects such as the China Pavilion at World Expos and International Trade Fairs. Guided by the philosophy—"Born for Exhibitions, Thriving Through Exhibitions"—CIEC Construction is committed to delivering high-quality, benchmark-setting exhibition experiences for its clients.
